

Partner Media Kit

Use only approved assets. Do not alter the JobProof logo.

Approved logo usage

- Use the supplied full-colour logo files
- Maintain the original aspect ratio
- Leave clear space around the mark
- Use high-resolution files for large placements
- Place on backgrounds with strong contrast

Minimum spacing & size

- Keep clear space at least equal to the shield height around the logo
- Digital minimum width: 120px for horizontal logo, 32px for shield
- Print minimum width: 1.25 in for horizontal logo, 0.4 in for shield

Colour palette (from JobProof branding)

- JobProof Blue #2436BB
- Bright Blue #2C37EC
- Soft Teal #4DB6AC
- Proof Teal #4DBACC
- Accent Orange #F28C38
- White #FFFFFF

Acceptable backgrounds

- White, light neutrals, or solid brand blue/navy with strong contrast
- Photography only when the logo remains fully legible

Unacceptable modifications

- Stretching, compressing, rotating, or cropping the logo
- Recolouring or rearranging the shield and wordmark
- Adding shadows, outlines, or effects
- Placing over busy imagery that reduces legibility

Typography & tone of voice

- Use a clean, modern sans-serif type in partner materials
- Be direct, concise, and helpful, contractor-first, clear, helpful
- Emphasize quotes, contracts, change orders, invoices, documentation, dispute protection, fast payments, and a professional image
